AURIZON BULK NEGOTIATIONS BACK ON TRACK

Dear Members,

Yesterday we met with Aurizon Bulk management to discuss the next steps forward in bargaining. Aurizon and the combined unions have committed to re-convening the bargaining teams next week in Brisbane to continue negotiations.

Off the back of your strong NO vote last week, the AFULE is keen to get back to business and secure you an Enterprise Agreement that gives you a quality work/life balance, keeps up with the cost of living and offers Aurizon bulk a viable future. If Aurizon management get serious, we believe this can be done in an expedited fashion.

Your bargaining team will be in Brisbane next Tuesday, Wednesday, Thursday and Friday to continue working towards an agreement.

I will keep you updated on all relevant information as it comes to hand.

In Solidarity,
