## Meeting with Pacific National Representatives

Dear Members,

The AFULE met with Pacific National Representatives to discuss the proposed sale of Aurizon's Intermodal Business.

Upon taking over the Aurizon Intermodal business, PN plan to run the ex Aurizon trains separately to their current trains in the initial stages. This will mean that the ex Aurizon Drivers will be working the same trains up and down the coast as they do now until PN fully integrate both businesses. The roster that Aurizon Intermodal Drivers are working now should look similar upon the takeover.

PN are still working on where the locations where the ex Aurizon drivers will be signing on at the Acacia Ridge, Rockhampton, Mackay and Townsville. PN will be taking over the facility at Maryborough West.

PN representatives will be holding information sessions with affected Aurizon employees in March. They are looking at targeting shutdown days to give as many employees as possible the opportunity to attend the info sessions.

I will circulate the exact dates when at hand.
