Vale Ian Casey

Dear members,

Your state office has today sadly been notified of the passing of former Division 5 Councillor and AFULE life member – Ian Casey, after a brief battle with cancer.

Ian was a long-time fighter for Traincrew and integral in several successful Queensland Rail Enterprise Agreements campaigns. On the 22nd of March 2019, Ian was proudly issued with life membership to the AFULE in recognition of 47 years of membership and numerous official positions held within that time.

Ian will be remembered within the AFULE for the support and guidance he provided to members and officials. His appetite to fight for the workers and his ability to find resolutions that provided fair outcomes for members who called on him for assistance.

Ian will be sorely missed and remembered well by his workmates and union family.

Ian's wife Marie, his children and grandchildren are all in our thoughts at this time.

In Solidarity,

Mick McKittrick,
State Secretary
